SUMMARY

I am a third-year Software Engineering student at the National School of Engineers of Tunis (ENSIT). Enthusiastic, motivated, and methodical, with strong analytical and problem-solving skills. Eager to learn and explore new technologies.

TECHNICAL SKILLS

Languages: C, C++, Python, Java

Backend: Spring Boot, Laravel, Node.js

Frontend: Angular, Bootstrap, Flutter, Ionic

Databases: MongoDB, MySQL, Firebase

PROJECTS

E-commerce Web Application

September 2024
Angular, Spring Boot, MySQL

- Built a responsive e-commerce website with product management features.
- Developed user authentication and order processing systems.

Recipe Sharing Mobile Application

May 2024
Flutter, Firebase

- Created a mobile application for recipe sharing with a social network interface.
- Focused on user engagement and ergonomic interface design.

Full Stack Gym Management Application

November 2023
Angular, Node.js, MySQL

- Designed and implemented a full-stack application for gym management.
- Emphasized user experience and backend efficiency.

EXPERIENCE

Growup Agency

June–July 2024

Technical Internship

- Developed a web application for restaurant management.
- Implemented features for table, menu, and reservation management.
- Technologies used: Flutter, Laravel, MySQL.

Greenspace Coworking Agency

July 2023

Worker Internship

- Designed and developed two showcase websites.
- Technologies used: Angular, Bootstrap, Tailwind, Botpress.

EDUCATION

ENSIT

2022 – 2025

Software Engineering (Engineering Cycle)

Preparatory Institute for Engineering Studies

2020 – 2022

Mathematics-Physics

Bir Ali High School

2020

Baccalaureate
